The install dialog box is automatically closed when the install is

What's New in the BOS Stopwatch?

This "farting" Gadget is for Vista only. Click the "Ready" button to launch the gadget. While you are in the "Ready" mode, you can do all the normal button click things like change the clock, alarms and more. But what you should do is "Play" the "Fart" audio file, then, and only then, reset the "ready" button. Once you have stopped "farting", you can then reset your clock, alarms etc as normal, and the gadget will go back into its "ready" mode, ready for another round of "farting". This gadget was created by dave_cb. Overview: Get tons of content for FREE with the CBS All Access app, now in your pocket.
