What's New in the?

Dreamweaver MX 2004, 8, CS3, CS4, CS5 works with the Flash Events Calendar extension, giving you the ability to create an XML-powered, date-driven event calendar in Dreamweaver. Choose from 8 backgrounds, 20 colors, and 18 fonts. Add hours, minutes, dates, and days to events. Set recurring events, regular times, or daily, weekly or monthly frequency. Set a start time for events, and choose to end on the start or the end date. Customize event day markers and days with up to 10 images, up to 5 text lines, or up to 3 screen tips. A built-in editor allows you to add various calendar items, including events, dates, titles, icons, screen tips, etc. to each day. Customize the calendar screen by choosing a specific set of colors, font styles, font sizes, spacing, background colors and styles, all to create a personalized look for your website. The Events Calendar is great for creating web banners or a calendar for any website! Control Charts: - Allows you to build a complex and a really flexible control chart. - The tool is fully customizable: colors, shapes, sizes, animation, spaces, etc. - You can create different formats: xml, rtf, html, css, etc. - The users of all formats are supported (text, html, xml, pdf, etc.). - Easy control of the color, size and size group for the control chart. - Ability to customize the texts and the images of the chart. - The control chart is a fully editable object. Create your own control chart: shape, text, image, slide, charts, text, etc. - Each control has its own shape. - Easy interaction with the database and design file. - An excellent visual support, which allows the user to easily understand the chart. - Add multiple series. - Create your chart and save it as a.jpg,.png,.tiff and.gif image. - Show the chart in the form of.png images. - Add additional formats for.png images. - Save your control chart as.png,.jpg,.tiff,.gif,.bmp and.tif files. - Add the chart as a slide in the editor. - Add the chart as a text in the editor. - Add the chart as a slide in the editor. - Add
